SELECTS MONONGAHELA AS GOOD PLACE FOR SUICIDE

Foreigner Comes From Philadelphia to End Life Fittingly—Is Given Job So Now Wants to Live

Exhibiting a bottle containing more than an ounce of pure carbolic acid, a man wandered into a drug store at Monongahela Monday and asked the proprietor if the contents were pure and if there was enough of it to kill a man. When asked why, he stated that if there was not enough he wanted to get some more; enough to successfully do the deed. When questioned he stated that he was out of work, despondent and did not care to live any longer. By this time the man to whom he was talking was convinced that the man meant to kill himself. He qickly snatched the bottle from the man's hand and then remonstrated with him.

The stranger stated that he was from Philadelphia but would not give his name. When asked why he picked out Monongahela as the site for his tragic death he stated that it was because there were enough people of his own race there to bury him.

The druggist called in several men nearby and finally a job was secured for the man and now he is very glad that he did not take the acid.

MYSTERY CLEARED IN GIRL'S DEATH

Body of Doctor Connected With Greene County Sensation Found

LETTERS GIVE EXPLANATION

The final chapter in the tragedy of the death of Miss Nettie Poland, the 19-year-old Georgetown, W. Va., girl who was found lifeless as the supposed result of an illegal operation near Aleppo, Greene county Sunday evening, was closed Monday, when Dr. J. L. Sivert, the Georgetown physician whose name had been connected with the death of Miss Poland, was found dead in his office. The doctor is believed to have brought his own life to an end by drinking poison.

In the office of the doctor were found five letters which he had written after returning from the scene of the girl's death. These letters were addressed to his father, his mother, teh girl's mother, Mrs. Warren Poland, of Georgetown; O. E. Cursman, Deep Valley and Miss Agnes Yeater, Denver, W. Va. In the letter to the girl's mother, Dr. Sivert asked her not to blame the girl, saying that he had been the cause of all the trouble, although he had intended her no harm. In the letter to his mother he spoke of personal matters and told her that he left all his possessions to her. Booher Wright, undertaker at Deep Valley, took charge of the physician's body and shipped it to Moundsville, W. Va., where the parents reside.

The suicide of Dr. Sivert clears up practically all of the mystery surrounding the death of Miss Poland. The finding of the coroner's jury was that the girl had come to her death as the result of a criminal operation performed by Dr. Sivert. The fact that the doctor left the machine with the dead girl standing by the road and walked to Georgetown is explained by the letters which he wrote.

He did not want to drive the car to town and bring with him the dead body of the girl and he did not want to leave the body by the roadside and yet he wished to reach town in time to write his letters and bring his own life to an end according to the pact that he had made with the girl, for he was heard telling her when they started on the trip, that if need be, they would die together.

This afternoon, Coroner A. T. Adamson and his jury visited the place near the Lewis Antil home where the physician's automobile had been stopped for so long a time Saturday afternoon and evening. At a spot about 1,000 feet from the road they found where the temporary hospital had been. There were surgical instruments scattered around on the grass, the place where blankets had hung, an oil stove for heating water and other more grewsome evidences that an illegal operation had taken place there.

It is believed that following the operation, the doctor put the girl in the car and started back to Georgetown. The girl was still living when they reached the William Moore home where Dr. Sivert asked for water. It is though Miss Poland died between that place and the point where the car was found by Hiram Stockdale.

DIVORCE CASES GET ATTENTION

INFIDELITY FAVORITE PLEA

Testimony was filed Monday in several divorce actions that are now pending before the court. They were put on the argument list and will be heard next week.

George Landrin of Charleroi seeks separation on the ground of desertion. They were married December 31, 1910. They lived for a time at Charleroi, he being a glass worker, but later went to Aylesbury, Canada, where he remained for four or five months. Mrs. Landrin, he says, refused to return to Charleroi with him and has not returned, though he has maintained a home here.

Since that time, he says, she has never lived with him.

Desertion is alleged by Pearl A. Butler of Charleroi in her suit against Charles A. Butler. They were married September 29, 1906, at Uniontown. He lived with her but three weeks. He was later arrested in Pittsburg on a charge of bigamy entered a plea of guilty and was sent to the penitentiary.

Cruel and barbarous treatment is alleged by Edna Mae Shirk in the support of her divorce action against Charles Edwird Shirk. The same old story is told by the libellant as is told in every divorce case where the respondent is charged with cruel and barbarous treatment. Mr. and Mrs. Shirk were married June 12, 1901 at Richfield. The libellant resides at Donora. She avers that on account of his treatment her health was impaired and she has become a nervous wreck.

CHARLEROI HIGH TO OPEN SEASON WITH BRADDOCK

Coach Gdeniec Drilling His Men Hard in Anticipation of Hot Game The Coming Saturday.

The Charleroi high school football team will formally usher in the football season Saturday at the local field when they will play the fast Braddock high school eleven. Coach Gdeniec has had his squad hard at work in spite of the warm weather of the last few days preparing them for the conflict. What his lineup will be Saturday even he does not know.

Coach Gdeniec this year has just five of last year's team as the mainstay of his eleven. Lowstuter is the only man in the back field from last year's team. He is this year's captain.

The Braddock team is made up largely of seasoned players. The weight is about the same so a hard contest is anticipated. Charleroi high has a good schedule for this season and with new players expects to make a good showing.

AUTO OVERTURNS; EIGHT SHAKEN UP

Occupants of Car Have Narrow Escape in Accident on Bentleyville Road

NO ONE IS SERIOUSLY HURT

When the lights on the automobile driven by Albert O'Donnell of Donora suddenly went out while O'Donnell was driving with a party of Charleroi and Donora young people toward Charleroi Monday evening the car dove into the side of the bank, overturning. The eight in the party were more or less shaken up, and the car was badly damaged. The accident happened near what is known as "the election house" on the Bentleyville road near Colvin's.

When the lights went out O'Donnell was unable on account of the darkness to keep the car in the road. The rear wheels skidded and into the bank it went. In the car were Misses Ruth Majors of Donora, Nell Ludwig, Marie and Johana Estenfelder of Charleroi, Al. Reed, Leo O'Donnell, L. Fogg and Albert O'Donnell of Donora. Miss Marie Estenfelder was caught under the car when it went over, and was bruised about the head. Albert O'Donnell, the driver sustained two severe cuts, necessitating eight stitches being taken.

MAPPING ROUTE FOR GOVERNOR

Prof. Lacock and W. F. Penn to Prepare Booklet On Brumbaugh's Tour

TO BE HERE SHORT TIME

When Governor Martin G. Brumbaugh and his party of state tourists come through Charaleroi on October 5, they will pass over a route and follow a program that is now being mapped and prepared by W. F. Penn, superintendent of the Morganza Training school and Prof. J. Lacock, of Harvard University, a noted historian. Mr. Penn and Prof. Lacock were in Charleroi within the last day or two conferring with local people in regard to the coming visit of the governor's party.

A booklet will be prepared of the governor's travels by Prof. Lacock and Mr. Penn, and will be somewhat generaly issued. Prof. Lacock especially is interested in the trip becauses of its historical importance. He is a historian who is noted locally for his work in mapping out the Braddock trails a few years ago. He is a native of this county, having been born and raised at Lone Pine.

No local plans have been outlined for the coming of Governor Brumbaugh and his party. They will stop in Charleroi but a short time it is stated, and then continue their journey toward Bentleyville to Washington and other points. They will likely stop here at the Wilbur Hotel.

POLITICAL GRAFTING.

"Grafting" on political candidates is a practice that has been carried to the limit, and newspapers are taking up the question in an effort to put it down. A recent editorial in the Wellsville, Ohio, Daily Union treats of the subject in full and

"Hands up! I want space for a page in this book to be issued by the So and So Society of Squeeze You Good, this county.

"Something less than a hundred thousand will be distributed in this county and unless you 'shell out' our millions of friends won't vote for you." "Bing," held up by the daylight robber. Poor candidate. It costs money and they're all doing it.

On behalf of the candidates for political office, The Union desires to register a protest against the efforts of persons, organizations, charitable and money making schemes in holding them up for contributions. We believe we express the sentiments of all the candidates when we say that these systematized efforts are an imposition.

The candidates for public offices are asked to give to this or that organization, to advertise in programs of all sorts, class papers, and to help those in need of money. The church vote, the labor vote, the farmer vote, the votes of this class and that is held up as a possible bait; some even threaten a candidate with the loss of votes of a certain organization if he does not come across.

The candidate has come to be regarded as legitimate prey for everyone who needs money. Just how these men expect to file a report without perjuring themselves the solicitors do not seem to figure. While they may class these contributions as advertising "for the dissemination of information," they are in reality gifts and are subscribed because they are candidates and therefore are against the act of assembly.

The people should make it easy for a candidate to conduct an honest and legitimate campaign and not make it more difficult.

We wonder how the voters expect a candidate for office to be honest and immune from all forms of graft when he is "grafted" by so many different people before he gets into office.

The wonder is that the men who are elected to office are as free from dishonest practices as they are after all they have gone through during a campaign. Give the political candidate at least an even chance to get into office without being bled and threatened and blackmailed.

CIRCUS THAT WILL VISIT CHARLEROI IS A CITY IN ITSELF

The show ground of the Barnum and Bailey circus is a city in itself, lacking only a town council and a state charter. It has its own lawyers, postmaster, dentist, doctors, carpenters, electricians, painters, detectives, blacksmiths, wagon makers, laundrymen, barbers, shoemakers, tailors, sailmakers, harness makers, store keepers and photographers. It supports an electric lighting plant, a hospital and a hotel, where 4,000 meals are cooked and eaten every day in the week.

This circus city has a population of 1,280 people. 700 horses, 40 elephants and 1,200 other wild and semi-domestic animals. At night the home of this army is a train over one mile in length. In a single season this train travels about 40,000 miles, making stops in about 200 cities and giving 400 performances. In its fifty-five years of life the show has exhibited in every city of any size in the world. Royalty has applauded it. The peasantry has hailed its appearance with delight. Its prestige is established in every country. It is, of course an American institution, though it is quite as well known in Europe and Asia as in the United States.

The home offices of the show are located in New York City and Chicago. The winter quarters are at workshops are in Stoke-on-Trent, England, and foreign agencies are maintained in London, Liverpool, Paris, Berlin, St. Petersburg, Vienna, Hamburg, Calcutta, Hongkong, Cape town, Melbourn, Constantinople and Buenos Ayres.

The wonderful policy of P. T. Barnum and the remarkable system put into operation by James A. Bailey are still the active principles of the management. Not a year has passed without improvement and growth. On Wednesday September 22 the show will come to Charleroi with an entire new equipment from the great imported vehicles of the forenoon parade to the last stitch in the fourteen acres of canvas. The program offered is the best ever presented by this show. There are 380 artists on the list. The program opens with a new and elaborate spectacular pageant entitled "Lalla Bookh," and in which 1,200 characters take part.

The debt of any county, city, borough, township, school district, or other municipality or incorporated district, except as herein provided, shall never exceed seven per centum upon the assessed value of the taxable property therein, nor shall any such municipality or district incur any new debt, or increase its indebtedness to an amount exceeding two per centum upon such assessed valuation of property, without the assent of the electors thereof at a public election in such manner as shall be provided by law; but any city, the debt of which now exceeds seven per centum of such assessed valuation, may be authorized by law to increase the same three per centum, in the aggregate, at any one time, upon such valuation, except that any debt or debts hereinafter incurred by the city and county of Philadelphia for the construction and development of subways for transit purposes, or for the construction of wharves and docks, or the reclamation of land to be used in the construction of a system of wharves and docks, as public improvements, owned or to be owned by said city and county of Philadelphia, and which shall yield to the city and county of Philadelphia current net revenues in excess of the interest on said debt or debts, and the annual instalments necessary for the cancellation of said debt or debts, may be excluded in ascertaining the power of the city and county of Philadelphia to become otherwise indebted: Provided, That a sinking fund of their cancellation shall be established and maintained." so that it shall read as follows:—

Section 8. The debt of any county, city, borough, township, school district, or other municipality or incorporated district, except as herein provided, shall never exceed seven per centum upon the assessed value of the taxable property therein, nor shall any such municipality or district incur any new debt, or increase its indebtedness to an amount exceeding two per centum upon such assessed valuation of property, without the assent of the electors thereof at a public election in such manner as shall be provided by law, but any city, the debt of which on the first day of January, one thousand nine hundred and twenty-four, exceeds seven per centum of such assessed valuation, and has not since been reduced to less than such per centum, may be authorized by law to increase the same three per centum in the aggregate, at any one time, upon such valuation, except that any debt or debts hereinafter incurred by the city and county of Philadelphia for the construction and development of subways, tunnels, railways, elevated railways and other transit facilities for the rapid transportation of passengers and freight, and for the construction of wharves and docks and for the reclamation of land to be used in the construction of wharves and docks, owned or to be owned by said city, which shall yield to the city and county of Philadelphia current net revenues in excess of the interest on said debt or debts, and the annual instalments necessary for the cancellation of said debt or debts, may be excluded in ascertaining the power of the city and county of Philadelphia to become otherwise indebted: Provided, That a sinking fund for the cancellation of such debt or debts shall be established and maintained; and provided further, That such debt shall be incurred only for the following purposes: To wit: For the construction and development of subways, tunnels, railways, elevated railways and other transit facilities for the rapid transportation of passengers and freight, and for the construction of wharves and docks and for the reclamation of land to be used in the construction of wharves and docks, owned or to be owned by said city. Such increase, however, shall only be made with the assent of the electors thereof at a public election to be held in such manner as shall be provided by law. In ascertaining the borrowing capacity of said city of Philadelphia, at any time, there shall be excluded from the calculation a debt, which the work resulting from any previous expenditure, for any one or more of the specific purposes hereinabove enumerated shall be yielding to said city an annual current net revenue; the amount of which credit shall be ascertained by capitalizing the annual net revenue during the year immediately preceding the time of such ascertainment. Such capitalization shall be accomplished by ascertaining the principal amount which would yield such annual, current net revenue, at the average rate of interest, and sinking-fund charges payable upon the indebtedness incurred by said city for such purposes, up to the time of such ascertainment. The method of determining such amount, to be excluded or allowed as a credit, may be prescribed by the General Assembly.

In incurring indebtedness, for any one, or more of said purposes of construction, improvement, or reclamation, the city of Philadelphia may issue its obligations maturing not later than fifty years from the date thereof, with provision for a sinking-fund sufficient to retire said obligation at maturity, the payments to such sinking-fund to be in equal or graded annual instalment. Such obligations may be in an amount sufficient to provide for and may include the amount of the interest and sinking-fund charges accruing and which may accrue thereon throughout the period of construction and until the expiration of one year after the completion of the work for which said indebtedness shall have been incurred; and said city shall not be required to levy a tax to pay said interest and sinking-fund charges, as required by section ten of article nine of the Constitution of Pennsylvania, until the expiration of said period of one year after the completion of such work.

DON'T BE THIN AND SKINNY

New Treatment Will Make You Fat.

"I have been thin for years and began to think it was my natural. I began to think it was natural for me to be that way. Finally I read about the remarkable processes brought about by use of Tonoline Tablets so I decided to try them myself. Well, when I look at myself in the mirror now, I think it is somebody else. I have put on just forty pounds during the last forty days, and never felt stronger. Tonoline Tabs are a powerful inducer to nutrition, increases cell-growth, food, increases the number of blood-corpuscles and as a necessary result builds up muscles, and solid healthy flesh, and rounds out the figure.

For women who can never appear stylish in anything they wear because of their thinness this remarkable treatment may prove a revelation. It is a beauty maker as well as a form builder and nerve strengthener.

Go to your druggist and get a box of Tonoline Tablets and you will always go to the table with a hearty appetite, and what you eat will taste good, because your stomach and intestines will be clean and fresh, and you will know there are not going to be any more bad nights and miserable days for you. Tonoline tabs freshen you and make you feel like life is worth living.

Tonoline Tablets cost $1.00 for a 15-days' treatment, at druggists, or mailed by American Proprietary Co., Boston, Mass.

Mrs. Maggie Wilson Phelps

Dearest wife and mother, thou hast left us
Great thy loss we deeply feel
But 'tis God that has bereft us,
And he will all our sorrows heal.
Afflictions great a long time she bore,
Physicians were in vain,
Until at last God thought it best
To cure her of all pain.
While now among the blest,
Wrapped safe in Jesus arms
She finds the long desired rest
And fears no more life's storms.
Safe in the arms of Jesus,
Safe on his gentle breast
There by his love o'er shadowed,
Safely her spirit shall rest.

'THE BIRTH OF A NATION DRAWS GREAT CROWDS

Over 2,000 Offers for Playing Rights of Photoplay Refused

Never in the history of the theater has there been so widespread a demand for a play as there is for D. W. Griffith's magnificent spectacle, 'The Birth of a Nation,' which is now playing a limited engagement at the Nixon theater in Pittsburgh. Over two thousand offers have been received for the playing rights of this photo drama but all of them have been refused. As a result the only opportunity to see "The Birth of a Nation" within a radius of 100 miles of Pittsburgh will be during its present engagement at the Nixon theater. Over 2,000,000 people have seen this eighth wonder of the world. There have been over 500 performances at the Liberty theater, New York, 300 at the Tremont theater, Boston, and over 350 performances at the Illinois theater, Chicago, and it is still showing in those cities. Produced at a cost of $500,000 in a period of eight months; 18,000 people and 3,000 horses were used. There is a symphony orchestra of thirty. Few people realize that nearly 100 people are required to properly present to the public this gigantic spectacle. Musicians, expert operators and electricians, men to hand le mechanical effects and men in other departments make up this roster which is as large as that of a large musical comedy company. It is the massiveness in both the subject and the manner of presentation of "The Birth of a Nation" that has made the public not only willing but anxious to pay as $2.00 witness its production. Never has so much been heaped upon so magnificent spectacle. The prices for this engagement for matinees and Saturday Matinees are 50 and $1 for the lower floor; $1 and $1.50 for the balcony and 50 cents for the second balcony. There are matinees every day except Sunday at which the prices are lower floor and balcony 50 cents and $1; second balcony 25 cents. Mail orders accompanied by remittance will receive prompt attention. Those who would see "The Birth of a Nation" in Pittsburgh can avail themselves of the extremely low excursion rates which all the railroads are now offering on account of the Pittsburgh Exposition.
